CIFSC CANADIAN INVESTMENT FUNDS STANDARDS COMMITTEE

May 1st, 2009

The Canadian Investment Funds Standards Committee (CIFSC) has reviewed the category schema and concluded that no changes are necessary at this time. In 2007, the CIFSC made significant changes to the category schema to improve the usability of the classifications. In 2008, the CIFSC made slight amendments to address the developing trends in the investment fund landscape in Canada.

Since the most recent amendments, the CIFSC has not received any comments or suggestions for additional changes. The CIFSC will accept comments and suggestions regarding its decision until May 15th, 2009. Following the deadline, if necessary, the CIFSC will hold a special meeting (date to be determined) to discuss the comments and suggestions received.
